Create your own website!

Feel free to use whatever web service you prefer. Some options include Weebly, Wordpress, Squarespace, and GitHub Pages. Note that you do NOT need to buy a domain for this assignment.

Your website should contain the following pages:

- Home
 - Photo
 - Some info about you
- About
 - Some background about yourself
 - Feel free to personalize this with photos of family and pets
- Research
 - Discuss your research interests
 - Summarize your published and ongoing projects
- CV
 - Either link to your CV or put it on the page
- Teaching
 - List your teaching experience
 - Link to your teaching materials
 - Provide a teaching statement if you have one
- Other Pages (optional)
 - Feel free to add a blog
 - Page containing photos of your fieldwork
